

To God Be the Glory!

The first service of the Pembina Valley Baptist Church was held Sunday, December 11, 1988 with 45 people in attendance.

Pembina Valley Baptist Church was officially chartered on Sunday, February 12, 1989 with 26 people signing as the first members.

After meeting in rented facilities for four years, construction was started in 1992 for our first church building. In March 7, 1993 we moved into the new facilities and our average attendance doubled in just over a year from 120 to 210.

In 1988 we had our mortgage burning, and in December 2002 construction began on the new education wing. Once complete, ground breaking was held in 2006 for the new auditorium. On September 9, 2007 the first service was held in the new auditorium.

"A Church With a Heart for God and People"
